## CHARACTERISTICS

A surface mounted LED luminaire with high light output. It is made of powder-coated steel sheet. It uses a system that allows for the installation of luminaires without removing the diffuser. Equipped with opal energy efficient LED GO! panels of high permeability.

## APPLICATION

A versatile luminaire designed for internal use in office or utility rooms of a general nature. The luminaire can be used both for new applications and substitutions of traditional T8 and T5 luminaires with energy efficient LED solutions.
